

April 2, 2020

Dear Valued Customers,

Above & Beyond Compression Inc (ABC) would like to provide this update regarding the operation of our business during these unprecedented times that we are all facing with the Coronavirus (COVID-19).

**ABC remains open for business and is here to serve your needs.**

We are fully operational at our central distribution warehouse in Edmonton, as well as at all seven of our branch locations. Our inventory levels, on all of our product lines, are healthy. We are constantly communicating with our suppliers, all of whom are deemed essential to keeping the energy and power infrastructure of Canada and the USA operating properly. Currently, the Canada/USA border remains open for commerce and trade.

ABC's goal is to continue to operate as the reliable supplier you're accustomed to while ensuring the health and welfare of our employees. We've adjusted operations throughout our company and will continue to adapt safety measures in response to this fluid situation so that we protect our team and promote the safest distribution of products to you, our valued customers.

We are proud to be a partner in delivering essential products and services to Canada's energy industry.

**Stay Safe!**

Above & Beyond Compression Inc
