

PROVIDING  
BETTER POWER

North American Distributor of

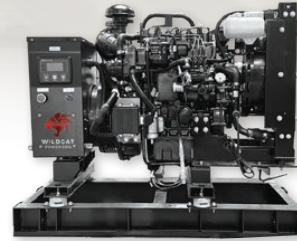

WILDCAT  
POWER GEN

### FRONTIER - Diesel Tier 4F / NG-LPG

#### Prime Power:

- 10kW / 15kW
- Liquid-Cooled
- Single Phase
- Voltage: 120/240
- Open Frame Only

### FREEDOM - Diesel Tier 4F / NG-LPG

#### Prime Power:

- 10kW / 15kW
- Liquid-Cooled
- Single Phase
- Voltage: 120/240
- Sound Attenuated Enclosure
- Diesel: 10kW - 8 Gallon Fuel Tank
- Diesel: 15kW - 9 Gallon Fuel Tank
- 3-Way Valve Included

OPTIONAL: 30-Gallon Base Tank

### RENEGADE - Diesel Tier 4F/ NG-LPG

#### Prime Power:

- 10kW / 15kW
- Liquid-Cooled
- Three Phase
- Voltages: 208/110, 240/120, 480/277
- Open Frame or Sound Attenuated Enclosure
- Diesel: 10kW - 8 Gallon Fuel Tank
- Diesel: 15kW - 9 Gallon Fuel Tank
- 3-Way Valve Included

OPTIONAL: 30-Gallon Base Tank

### ROUGHNECK / Diesel

Tier 2 Emergency Stationary Standby:  
500kW / 750kW / 900kW

Tier 3 Emergency Stationary Standby:  
30kW / 40kW / 60kW / 100kW / 150kW  
200kW / 250kW / 350kW / 400kW

Tier 4F Stationary Prime Power:  
20kW / 40kW / 70kW / 100kW / 150kW

- Liquid-Cooled
- Three Phase or Single Phase
- Voltages: 120/240, 208/110, 240/120, 480/277
- Open Frame or Sound Attenuated Enclosure

### ROUGHNECK / NG-LPG

Emergency Stationary Standby:  
30kW / 60kW / 80kW / 100kW / 125kW  
150kW / 200kW / 250kW / 440kW

#### Stationary Prime Power:

30kW / 45kW / 60kW / 180kW / 400kW

- Liquid-Cooled
- Three Phase or Single Phase
- Voltages: 120/240, 208/110, 240/120, 480/277
- Open Frame or Sound Attenuated Enclosure

SCAN HERE FOR  
MODEL SPECS:

**THE KEEPER  
HYBRID GENSET**

The WILDCAT Hybrid is a green power solution that pairs a WILDCAT genset with a Battery Energy Storage Solution [BESS], giving customers both flexibility and reliability.

- 60 Ah [Amp Hours]
- Rechargeable Battery Pack
- Self-Contained
- Portable
- Low Maintenance
- Low Fuel Usage

**PATRIOT MOBILE  
Diesel Tier 4F**

15kW - 325kW

- Liquid-Cooled
- DOT Approved Trailers
- Voltage Selector Switch
- Deep Sea 7320 MKII Controller
- 50 State / CARB Certified [excludes 15kW]
- Oil Drain Hand Pump to Drain Engine Lube Oil
- Electrical Quick Connects/Series 16 Camlocks
- Optional Load Bank

**ROUGHNECK ENCLOSURE MODELS:**

Industrial grade and built with 14 gauge powder coated steel; rated for CAT5 wind speeds of 150 MPH; sound attenuated for 70dBA at 7m.

**MAVERICK DC  
Diesel Tier 4F / NG-LPG  
*Engineered Power Solutions***

The Wildcat Maverick DC generator monitors and maintains charge on battery banks, saving time and money versus AC gensets.

***POWERPACK***

*Engineered Power Solutions*

Designed for on peak or off peak to supplement solar & wind power during adverse weather conditions. The Wildcat PowerPack pairs with BESS & other microgrid elements.

**DIESEL**

Emergency Standby .....120kW-7200kW  
Prime .....1000kW-5000kW

**NATURAL GAS / PROPANE**

Emergency Standby .....250kW-3520kW  
Prime .....300kW-1560kW

**Why Customers Choose Wildcat:**

- Made with pride in Kansas USA
- No proprietary hardware or software
- Commercial-grade components
- 10,000+ engine hours
- Faster lead times
- Standard 3-year / 5000-hour warranty
- AC and DC power solutions
- Parallel power options
- Solutions for rental & construction
- Solutions for microgrids/distributed energy
- Solutions for utilities & government
- Federal GSA approved

Wildcat Power Gen is an American OEM of premier power products. We are *Leading The Charge* to provide Better Power to industries and applications across the globe. Through innovative designs that utilize commercial grade components, Wildcat Power Gen provides our valued customers with Best in Class Solutions they can rely on.
